[Wady] thinks she is attached to Polo. They are never far apart.

He is happy and well adjusted after only a couple of days with us. Polo and my other dog "Wady" get along great and it is funny watching them interact. ...I can't tell you how happy we are to have Polo.. I know he will have a full and happy life with us.. I am proud to have him with us. He is noble, intelligent, beautiful and happy!
