Wrigley is doing wonderfully and is such a joy to have around. She loves to keep her St. Bernard sister active by pulling on her tail and enticing her with rope toys. As you can see in the picture, sitting on her sister is a favorite past time as well. We are just finishing up obedience training with Wrigley and are looking forward to putting her overwhelming energy and extra high jumps to good use in agility training.

Wrigley keeps Bristow [the St. Bernard] from gaining too much weight and sleeping too much, and Bristow keeps Wrigley from getting too crazy.
